

Effective December 5, 2020, through December 19, 2020, Fantasy Island will be having concrete restoration work done on the east side of the building and other select areas. I made other arrangements for those owners that I could reach.

In addition, beginning December 5, 2020 through December 26, 2020, the pool deck will be closed while the pool is being resurfaced.

Both projects are necessary and will increase curb appeal!
